Wetland-ID	Cowardin Classification	Approximate Area Within Study Area (acres)
Wetland 1	PSS	0.29

Stream Name	Classification	NYSDEC Waterbody Classification	Approximate Stream Length within Study Area (lf)
Stream 1 (Niagara River)	Perennial	A-S	65

Notes:
 1) Wetland/Stream delineation flag locations were surveyed using a sub-foot GPS unit.
 2) All areas outside of the wetland/stream delineated within the Study Area are considered to be upland.
 3) All stream boundaries and jurisdictions are subject to verification by NYSDEC/USACE.
 4) Stream 1's Top of Bank is the same as its OHWM.

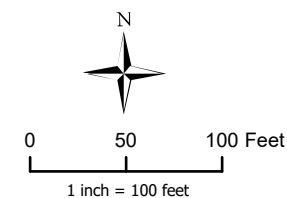

All features are pending a USACE Jurisdictional Review and NYSDEC Jurisdictional Review under the revised NYSDEC Freshwater Wetland Regulations.
